

NRF 101 fluorescent suspension, oil-based

Art.No.135.005.050 – spray can 400 ml

Art.No.135.005.055 – 1 L can

Art.No.135.005.060 – 10 L can

A fluorescent magnetic particle suspension based on odour-free oil with a high flash point. The suspension is an efficient corrosion inhibitor and provides a very high sensitivity. The average grain size of magnetic particles is about 4 μm .
